Hi Samantha,

Below (and attached) are my comments on the formaldehyde assessment. I know that the instructions on your email to the ERC said to copy everyone. But, since I wasn't on the original email, I'm going to go ahead and let you do the distributing just in case that instruction doesn't pertain to me.

Thanks,
Geniece

Overall, I'm impressed with the newest draft of the formaldehyde assessment.

Hi Geniece,

You have been identified as an ideal reviewer for formaldehyde. You would be asked to look at the respiratory hazard immunotoxicological evidence.

Understanding you are busy with PCBs and other activities, we are asking you to set aside some time to conduct this review. Let me know if you have any concerns.

Thanks,
Samantha
